Tips for a speedy reference check

You will need to hand:

- contact details of your line manager, HR department or accountant (if applicable)
- contact details of your landlord or agent (if applicable)
- details of any adverse credit (if applicable)
- name, email and phone number of your guarantor (if applicable)

Notes

All references are obtained via email and text, so make sure you put the correct details in. If you need to change this at any point just click into your Vouch link and click the relevant section. As soon as you update it we will resend it.

Make sure the address you put down is the one linked to your landlord reference.

To upload multiple payslips or accounts under the proof of funds make sure you use the PLUS button after uploading the first one.

If you have trouble signing your declaration form please turn your tablet or phone to portrait mode.
